Creating Useful Space From Limited Space

Dear Treasured Friend,

Do you want more space for your provisions and kitchenware without going through the hassle and expenses of installing more racks/shelves and baskets in your kitchen than necessary?

Do you want storage baskets that not only utilise available space but are long lasting toughies that can endure wear and tear?

Do you want the newest in soft-closing technology built into your baskets so you need not worry about damaging your drawers or causing a din when you occasionally slam them shut in a hurry?

If the first thing that comes to your mind is the word 'YES', then we have the solution for your kitchen storage needs... the **EXCEL Ergonomic Baskets**.

Space Saving
Kitchen Baskets
With German
Standard

EXCEL Ergonomic Baskets

This all-inclusive top-of-the-line range of baskets is designed to maximise storage space in your kitchen pantries. Built to fit snugly into storage units of various sizes, these baskets come in different configurations for you, the discerning owner to choose from.

State of the Art

The Ergonomic Baskets incorporate the latest in engineering not only with functionality in mind, but durability. Regular baskets are usually prone to

corrosion especially in our humid weather or when you take them out for a rinse. With **EXCEL** double-layered chromed steel finish on each of its baskets, you can be sure any **EXCEL** basket you use will last longer, and look better even if you decide to clean it with detergent or accidentally scratched it. No more unsightly reddish brown blemishes!

Another advanced feature of the **EXCEL** Ergonomic Baskets* is their soft-closing mechanism. Outfitted with the IREX Silent Technology using smooth tracks and runners, these baskets retract gently no matter how hard you slam the drawer.

Currently, the soft-close feature is only available in certain **EXCEL Ergonomic Basket. They are marked with a "SOFT CLOSING" seal throughout the brochure.*

The Right Fit

With the **EXCEL** Ergonomic Baskets, you can now make full, constructive use of storage space you never knew existed. With an array of basket configurations at your disposal, you will definitely find an **EXCEL** Ergonomic Basket which can accommodate your pantry regardless of its size. Please read the following pages for our range of **EXCEL** Ergonomic Baskets. We are confident you can find what you are looking for **EXCEL** Quality Has A Name.

Magic Pull Out System 2+2 Basket

If you have a kitchen with an L-shaped layout, space will be at a premium and you will find yourself at a loss on how to store additional utensils, cutlery and foodstuff. Installing extra storage units may help but they will only make the kitchen more claustrophobic.

With our magic basket, however, your problems will be solved. Its innovative construct integrates two vertical mounts that can hold four wire mesh baskets. The unit

is designed to slot neatly into your existing cabinet without any tampering to the doors or interior of the cabinet and it is available in configurations compatible with both left and right opening cabinets.

This product was awarded **BEST CHOICE 2012** in the category of (Best Space Saving Basket System) from Home + Living Singapore.

SOFT-CLOSING PULL-OUT WIRE BASKET

If you're looking for a simple solution to your dish washing problems, look no further than these handy-dandy wire baskets. They replace the traditional pull-out drawers with wire mesh baskets that are perfect for storing your dishes. Being the first in the market ensures that this front-running technology will lead the industry in innovative storage ideas.

Because the baskets don't use any wood or enclosed spaces, you'll get perfect ventilation so you can air dry your dishes without any nasty leftover odours. These pull-out baskets are also equipped with IREX's silent technology that ensures no sudden slamming when you close the drawers shut. Simply push the basket in on the smooth tracks and runners and watch as they silently snap shut.

These wire baskets can also be installed in your modular wardrobe systems.

EXCEL Soft-closing Pull Out Wire Basket

Max Weight 20 kg, Polished Chrome

The tradition pull-out case for drawers is usually made of wood, has little or no "breathing room" for your dishes within the enclosed space of your cabinet. This may result in unpleasant odours, especially if the dishes are not properly dried after washing. This is now a problem of the past with the new wire basket.

Another great feature of this new wire basket is its soft-closing mechanism. Mounted on smooth tracks and runners, it is silently closes with as little as a nudge. And if you happen to forcefully push the drawer with haste, the end result is the same - a quiet farewell.
